

WE ARE LOOKING FOR PEOPLE THAT SHARE OUR VISION

We are  
looking  
for you!

To strengthen our Orffa France team we are looking for

## Technical – Commercial Sales Manager (m/f) - Feed additives -

You will be responsible for the introduction, technical support and sales of high quality feed additives and raw materials towards the premixers and producers of compound feed, mineral feed, calf milk replacer, aqua feed and pet food in the French market. You support the existing customers and will approach potential customers and provide scientific / technical information. You will also be responsible for the development of a new market segment and the introduction of new products / concepts. Obviously, you are continuously informed of developments in the animal feed market and technical fields, among others via your close contacts with government agencies, research institutes, consultants and suppliers.

You have:

- a Bachelor or Master degree (Bac +3 / Bac +5) in animal feed or veterinary practice.
- minimum 3 years of experience in a commercial and / or technical function within the feed industry.
- excellent communication skills.
- a pragmatic and results oriented attitude.
- sufficient level of speaking and writing in English language.

We offer a challenging and interesting job with lots of autonomy and room for initiative. You will be offered an appropriate salary and good secondary benefits.

Your application in English can be sent by e-mail to the following e-mail address; [hr@orffa.com](mailto:hr@orffa.com) for the attention of Marc Velzeboer.

### About Orffa

*Orffa develops, customizes, sources and offers feed additives and feed additive concepts for the animal nutrition market. In short: we create, select and deliver. We engineer your feed solutions.*

*We offer both in-house developed and branded concepts and products as well as distribution products: the ideal mix of technical products and basic feed additives.*

*We are looking for candidates that share our vision. Sharing what we believe is crucial for being part of our dedicated team.*
